GMT loading the 284 winchester for pdf - The .35 Winchester (colloquially .35 Win) cartridge was created in 1903 by the Winchester Repeating Arms Company for use in the Winchester Model 1895 lever-action rifle, and was also available in the bolt action Remington-Lee, or the Model E-10 Factory Sporter Ross Rifle in Canada. .35 Winchester - Wikipedia - The .218 Bee is a .22 caliber centerfire rifle cartridge designed for varmint hunting by Winchester in 1937. The cartridge was originally chambered in the Winchester Model 65 lever-action rifles, which may have ultimately led to its lack of popularity. The cartridge is named for the bore diameter of the barrel in which the cartridge is chambered rather than the usual practice in the United218 Bee - Wikipedia -
